

Aspiring Artists Birthday Party Themes:

POTTERY: Our pottery instructor will help your child and their guests design and create a clay masterpiece. Pieces will be glazed and fired in our kiln and will be ready for pick up 3-4 weeks after the party. Pottery Party options include: Fairy Houses, Cupcake Containers, Toadstools, Flat Animal Portraits, or Lucky Charm Rainbows

SPLATTER PAINT: Let the messy mayhem begin! The birthday child will create a 16x20 inch pre-stretched canvas splatter painting, and each guest will create their own splatter painting on 9X12 inch pre-stretched canvas. Please note that we use washable tempera paint during this party, but some colours may stain clothes. Please inform anyone attending your party to come dressed for mess-wearing appropriate clothes and shoes. Paintings require a minimum of two days to dry.

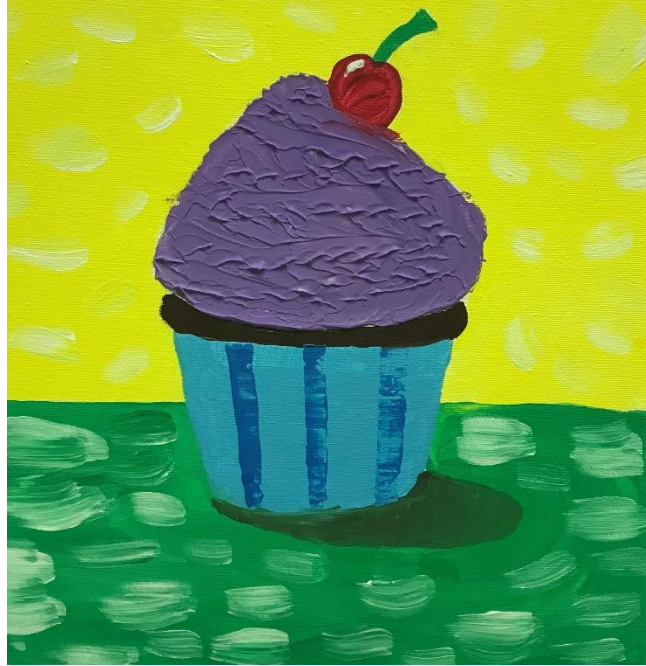

DRAGONS: Guests will use metallic paint to create their very own dragon eye good luck charm, before building a polymer clay dragon to guard it.

FAIRIES & GNOMES: Guests will create their choice of a fairy or gnome figurine before creating a fairy potion that magically changes into a glittery washable paint!

CUPCAKE CANVAS: each guest will use acrylics and modelling paste to create a frosted cupcake painting on a 12x12 inch pre-stretched canvas.

SUPERSTAR GLOW PARTY: Turn out the lights and turn up the brights! Each guest will create an 12x12 inch pre stretched patterned star canvas using neon acrylics in our black light illuminated art studio.
